

### **How to use this Prayer Cycle:**

This Prayer Cycle is to be used simply as a guide to your prayer times and can be used as flexibly or rigidly as you like. You may want to focus on specific issues that most concern you, you may want to allow God to guide you through the items, slowly reflecting on one or two items, or you may meet weekly with a prayer group and find it will suit you best to cover 7 days at one time.

Feel free to write down any other groups or issues on to the schedule as you feel led and if you want to suggest any changes then please contact Karen.
